## U.S. and Soviet Union will keep diplomatic conversation lines open

NEW YORK UPI — The United States and the Soviet Union are keeping the channels of diplomatic conversation open.

President Johnson and Soviet Premier Kosygin made it clear shortly after winding up two days of summit sessions their two countries are as far apart as ever on such critical issues as Vietnam and the Middle East.

But they reached one firm agreement—that their two nations should continue to speak politely about issues for which they have no solutions.

Immediately after the final Sunday meeting, Johnson rushed back to Washington to tell Americans over radio and television that he and Kosygin had important differences on most major issues particularly the struggle in Southeast Asia.

Even so, the President saw value in the direct face-to-face exchanges between leaders with heavy responsibilities. He said the world as a result is a little smaller and "also a little less dangerous."

But the only concrete thing he cited

was an agreement that Secretary of State Dean Rusk and Soviet Foreign Minister Andrei Gromyko would continue discussions on a treaty to block the spread of nuclear weapons—a project which already was moving forward at lower diplomatic levels.

Then, almost as Johnson finished speaking, Kosygin began a 90-minute news conference back in New York at which he renewed Russia's condemnation of this country's policy in Vietnam and again demanded that Israel withdraw from conquered Arab territory.

If there was any give in the tough Soviet line, it was imperceptible to trained diplomatic observers. Kosygin under-scored in blunt terms what the President referred to in a more general way as "the differences and difficulties ahead."

He again branded Israel an "aggressor" and said flatly there will be no peace in the Far East until the United States stops bombing North Vietnam.

Like Johnson, the Soviet premier paid lip service to the general idea of peace. But neither offered any evidence they had narrowed U.S.-Soviet differences. This came as no surprise to American officials who had assumed all along that Kosygin had no authority to negotiate without checking with Moscow.

## Albin announces changes in parcel post delivery

Mailers will be able to send 25 pound parcels between first class post offices which are 150 miles apart starting July 1, Postmaster C. T. Albin reminded Greencastle patrons today. The present weight limit is 20 pounds, he said.

This is the first five increases scheduled to take effect annually until 1971, when a 40 pound, 84 maximum size will be authorized between all first class offices. Size limitations are now 72 inches in combined girth and length.

The next increase, on July 1, 1968, will raise the weight limit to 30 pounds. On July 1, 1969, the weight limit will be increased from 30 to 40 pounds; on July 1, 1970, the size will be increased to 78 inches; and on July 1, 1971, the size is scheduled to be increased to 84 inches.

Postmaster Albin also reminded mailers that parcels weighing up to 40 pounds; can be mailed between first class post offices less than 150 miles apart. Packages addressed to and from

2nd, 3rd, and 4th class post offices, Alaska and Hawaii are not affected by the increase in size and weight provisions of the Public Law 89-573, which become effective January 15, he said. Parcel post mailings to and from these offices remain at 70 pounds and 100 inches.

## Reds shoot down U.S. Phantom jet

WASHINGTON UPI — A U.S. Air Force Phantom jet was shot down by Red Chinese planes early today when it strayed into Communist airspace near Hainan Island, the Pentagon announced. The two pilots aboard were rescued from the China Sea.

A brief Defense Department announcement said the plane, an F4C on a flight from Clark Field near Manila to Da Nang, in South Vietnam, inadvertently "crossed into Red Chinese airspace."

The announcement said the plane "apparently experienced a failure of its navigational and communications gear."

"The plane was attacked by Chinese

aircraft and crashed into the South China Sea about 30 miles south of Hainan," the announcement said.

"The two pilots aboard have been rescued. Initial reports indicate they have not suffered serious injury."

The F4C Phantom is one of the principal planes used by the Air Force, Navy and Marines in the Vietnamese war. It is a twin-engine, supersonic turbojet.

The Pentagon apparently decided to get its version of the incident on the record as soon as possible to counter the certain charges from Peking of provocative U.S. intrusion of Red Chinese airspace.

EYESORE—This scene makes quite an eyesore to passing motorists and pedestrians plus being a hazard. The porch fell from the abandoned home on Indiana Street approxi-

mately a week ago and no one has made a visible effort to remove the debris.

## 3 plead guilty to illegal possession of alcohol

Judge Francis Hamilton reported this morning that three youths entered a plea of guilty to charges of being minors in possession of alcohol in his court today. Hamilton said that he revoked the drivers license of John R. Atkins, 17, Greencastle, Steven W. Sellers, 17, Indianapolis, and Dennis Yates, 16, also from Indianapolis and placed the youths on probation. All three were arrested early Sunday morning by City Police Officers Alva Hubble and John Stevens.

Also appearing in court were Franklin Virgil McClure and Wayne Owen Pittsenger. McClure entered a plea of guilty to malicious trespass and was fined \$50.00 and cost. Pittsenger entered a plea of guilty when charged with drawing a dangerous weapon on the person of Wayne LeRoy Walton and was fined \$50.00 and cost plus a six month sentence to the Indiana State Farm. The six month sentence was suspended by Hamilton.

Seven other youths were also reported to have appeared in court. They received warnings from Hamilton as a result of a fight taking place near the Double Decker Restaurant and Pursell's Grocery early Sunday morning.

City Police reported that James A. Siddons, 22, Coatesville, was arrested at 1:50 a.m. Sunday morning for speeding in a posted zone on West Walnut Street. Then at 9:40 p.m. last night officer Larry Rogers arrested Michael J. McKinsey, Box 318, Ladoga, on South Bloomington St. for failure to have an operator's license.

Two automobiles driven by Jerry E. Rowings, 35, Greencastle and Jimmy W. Hendricks, 17, also of Greencastle, met head on at 8:30 a.m. this morning in a curve on the old Bainbridge Road one mile north of the city according to the Putnam County Sheriff's office.

Minor damage was reported to the two cars, but no one was seriously injured. Deputy Robert Ziegelman covered the accident.

Judy A. White, 20, Seymour, and Roy H. Phipps, 26, Greencastle were also involved in an accident that happened Saturday on Indianapolis Road. According to the report Phipps' automobile struck the rear of the White vehicle. No one was injured. The accident was investigated by Sheriff Bob Albright.

## Arson suspected in Indianapolis fires

INDIANAPOLIS UPI — Authorities today probed for clues of arson in connection with two downtown hotel fires in less than three days.

A fire broke out Sunday night in a top-floor storage area of the Washington Hotel, a block and a half from the landmark Claypool Hotel which was heavily damaged by a similar blaze Friday morning.

Because of the similarity in the start of the two fires, Fire Chief John J. O'Leary said he "definitely" suspects arson. He also noted that there was a fire earlier in a basement storage area of the Continental Hotel.

The blaze at the Washington was confined to the top floor of the 16-story apartment hotel and firemen brought it under control within a half-hour after the first of two alarms was sounded.

Residents of the hotel were evacuated safely by fire escapes, stairways and elevators. One fireman suffered minor cuts from falling glass but remained on duty after treatment.

There was no immediate estimate of the damage from the fire which broke out in a supply room used to store mattresses, old chairs and blankets.

The Claypool fire, which forced evacuation of almost 400 guests and sent 12 persons to hospitals with smoke inhalation and minor injuries, started in a mattress storage room on the fourth floor.

## Pope will elevate 27 new cardinals

VATICAN CITY UPI — Pope Paul VI held a "secret consistory" today and officially informed 27 Roman Catholic Church prelates including four Americans that they had been elected to the Sacred College of Cardinals.

Among the new cardinals formally notified in a centuries old custom today were Archbishop Patrick Louis O'Boyle of Washington, D.C., John P. Cody of Chicago and John Joseph Krol of Philadelphia and Msgr. Francis J. Brennan of Shenandoah, Pa.

The pontiff joined 35 present cardinals in the consistorial hall and recited a prayer of invocation to the Holy Spirit. The Pope then delivered an address praising and proposing the elevation of 27 new cardinals according to ancient custom.

There was a time in the Roman Catholic Church when this custom would have triggered argument. But today each cardinal simply replied to each new name with the latin word "placet"—it pleases me.

Then the Vatican Secretary of State Amleto Cardinal Cionnani went to the Pope Pius XII Auditorium and informed the new princes of their election.

The new cardinals expressed surprise according to tradition although they had known of their elevation since May 29.

The pontiff then delivered a major address to the new princes and touched upon a range of topics including the holy places of Jerusalem which Israel conquered in the Middle East war, the position of the Roman Catholic Church in Communist countries and the reform of the Roman Curia, the church's ruling body.

The text of the Pope's address was to be released later today.

## Lions Club installs new officers Saturday

At an installation and Ladies Night meeting at Frederick's Hospitality House in Plainfield Saturday night newly elected president, Julian Steele, and his Board of Directors were installed into office of the Greencastle Lions Club by International Counselor Lye Seaman and Past District Governor Theron McCullough. Outgoing President Charles McCullough presided at the meeting which was fun filled and enjoyed by all. McCullough was presented a beautiful plaque and president's pen for his successful year as president. Other guests

in addition to the inducting officers included Lloyd Harrison, present District Governor, and Governor-elect Ray Attebery and their wives.

Past District Governor Art Zaring showed slides of his trip to Nice, France when he was Governor. The colored slides of the International Lions Convention and parade were beautiful to see.

The coveted Lion of the Year award was presented to Walter Kellar for his outstanding work as secretary of the club and his active participation in club activities.

In addition to Pres. Steele the follow-

ing members were inducted into office:

First Vice Pres., Norman Felfrey; 2nd Vice Pres., Earl Voss; 3rd Vice Pres., Dwight Liston; Secretary Walter Kellar; Treasurer, Al Howlett; Lion Tamer, Staten Owens; Tail Twister, Mick Lancaster, and Directors, Homer Warman, Freeman Lambert, Paul Buechler and Wayne Burns.

Pres. Steele spoke briefly of the projects coming up, and invited all members to a meeting at his home July 3rd to make plans for important projects and to discuss several problems before the club.

NEW LION PRESIDENT—Julian Steele (right, center) was formally installed as the new president of the Greencastle Lions Club Saturday evening at Plainfield. Steele was installed along with the Board of Directors by International

Counselor Lye Seaman (left, center) and Past District Governor Theron McCullough (left). Outgoing president Charles McCullough (right) was host for the evening.

## Firemen make 2 runs; man hospitalized

City firemen made a quick run at 11 a.m. Saturday to a farm rented by Charles Cooper when Oscar Groggon drove away from an anhydrous ammonia applicator he was filling without disconnecting the hose.

The firemen had to use closed air breathing system to get Groggon from the tractor and a resuscitator before he was taken to Putnam County Hospital by Hopkins-Walton ambulance.

Another run was made earlier Saturday at 8:07 a.m. to East Berry Street. There the High Point Oil Company had spilled approximately 65 gallons of fuel oil. The fire department hooked to a hydrant and washed the fuel away.

## Omission of 'burning' in Flag Desecration bill

WASHINGTON, D.C. — Tenth District Congressman Richard L. Roubush (R-Ind.) original Congressional sponsor of legislation to prohibit desecration of the American Flag, said today that the omission of the word 'burning' from the bill is not important.

"Any suggestion that the bill as passed by the House does not prohibit the burning of the American Flag is ridiculous," Roubush commented.

"My original bill did not contain the word 'burning' nor did the first bill reported by the House Judiciary Committee," Roubush explained.

"In drawing the bill nearly a year and one half ago, the Legislative Counsel Service of the U.S. House of Representa-

tives was consulted, and the best legal opinions we could obtain said that the language selected for the bill would cover every conceivable contemptuous imaginable in regard to the flag."

"We believe that the phrase, 'whosoever cast contempt upon any flag of the United States by publicly mutilating, defacing, defiling or trampling upon it,' certainly covers burning the flag, whether by legal or dictionary definition," Roubush added.

"Whether or not the Senate chooses to add the specific word 'burning' or not, we believe that anyone who contemptuously burns the flag is liable under the House language of the bill, which provides a \$1,000 fine and one year in jail upon conviction."

Mrs. Carpenter keeps busy with her school work, Civic Club and Methodist church duties.

## Misfire

ECCELES, England UPI — "Well it was good fun at least," said Mayor George Nolan as he stood in the middle of scattered letters and debris which littered the town's airfield.

Ecceles had tried to launch 450 letters in five rockets to celebrate the airfield's 75th anniversary. Four of the five rockets exploded shortly after they were launched.

## TRIBUTES TO OUR UNSUNG HEROES

John Whitaker

## THE LIFE GUARD

A lot of times we envy this person, for he is big and masculine or she is shapely and both tanned as brown as a nut. In any event they are both fine specimens of manhood or womanhood. Believe me, whether it be the sea shore, an inland lake or a large pool, you always feel better when they are around.

It makes no difference if you are 6 or 60, they can and will help you if help is needed. They are trained for most emergencies that can happen in or around the water. If all of the Life Guards over the nation just saved one life during the season they were here, we believe they are worth every cent paid them and a lot more.

### Mrs. Buchanan dies in Tacoma

Mrs. Richard T. (Sarah Katharine Marshall) Buchanan, a native of Greencastle, and for many years a resident of Indianapolis, died June 21 in a Tacoma, Washington, nursing home after a long illness. She was 92.

Mrs. Buchanan was the widow of Richard Twells Buchanan, who for a number of years was managing editor of the Tacoma Ledger. In 1917 the Buchanans returned to Indianapolis where Mr. Buchanan, who had earlier worked for The Indianapolis News, rejoined the News staff as a special writer. Previously he had worked for the Indianapolis Sun and the Indianapolis Press.

When Mr. Buchanan became secretary to Sen. Samuel M. Ralston of Indiana he and his wife moved to Washington, D. C. where Mr. Buchanan later was appointed chairman of publicity for the Democratic National Committee.

After her husband's death in 1928 Mrs. Buchanan was employed for a time in the DAR Library in Washington, work that led later to compilation of the genealogical records of her own family for publication.

She returned to Tacoma to make her home in the 1940s.

Mrs. Buchanan, daughter of George Beswick and Clarinda Tucker Marshall of Greencastle and Indianapolis, was a graduate of the Indiana Kindergarten and Primary Normal School in Indianapolis. She taught in the Central New York Institution for Deaf Mutes in Rome, N. Y., and later in the Indiana State Institution for Education of the Deaf.

Nephews, nieces and cousins survive.

Private Unitarian services will be held in Crown Hill Cemetery, Indianapolis.

## Hints from Heloise

by HELOISE CRUSE

### Dear Heloise:

I hear that your husband was in the military service for 24 years.

Won't you please give us some tips on moving? Many of us are not military and may not be transferred clear across the country, but we change homes and towns just the same.

Well now, the first thing I always do is drag out my biggest suitcase a day or two ahead of time and drop everything into it that we use daily.

... toothbrushes, soap, a box of facial tissue, change of underwear for the entire family, a towel or two, etc. And I always stick in instant coffee, a can of tuna fish, some crackers and that all important can opener!

Next, I set aside one footlocker or strong carton I've gotten from the moving company to pack by myself and I label this one loud and clear.

Into this goes my skillet, a favorite pot or pan, a roll of aluminum foil (you'd be surprised what you can cook in that when you can't find anything else), butcher knife, salt and pepper, a few cans of soup and some dish towels.

At least we can exist on these for awhile. And if you want to be a real perfectionist, buy some paper plates and cups. It might be days before you get settled down and these sure come in handy.

If this footlocker or carton won't fit in your car, be sure that it is the LAST thing that goes on the van. Remember, the last thing in the truck is the first out.

Lots of movers allow you to leave your clothing in the dresser drawers, so I cover the contents of mine with bath towels. They keep your things from messing up, saves you a little packing charges. Besides you'll know where to get a towel in a hurry.

Another tip is to leave your fitted sheets on the mattresses. They not only help protect the mattress, but when you're tired and the children are crying and

need a nap, you've got a place to sleep without rumaging through a jillion boxes for that bedding. I always tuck a top sheet and two pillowcases under the fitted sheet.

Thank goodness I'm not moving tomorrow. I've had enough of it.

If anyone has more ideas on "easy moving," do drop them along to us. We would love to hear from you. Just pick up that pen and write to us in care of this paper.

Dear Heloise:  
Here's a suggestion for getting rid of your used razor blades the safe way.

Drop them into an empty spice can. The kind that has a slide top, such as cinnamon and nutmeg cans.

When the can is full, just slide the top shut and drop the whole thing in your trash. Sure prevents cut fingers.

There's no such thing as playing perfectly all the time. You expect to make occasional errors of judgment, and all you can do is to try to hold their number to a minimum and hope that the ones you do make won't prove expensive.

Look at this hand played in Naples in the match between Italy and the United States in 1951. When Siniscalco and Forquet held the North-South cards for Italy, the bidding went as shown.

# Indianapolis Pacers cut roster to fifteen players

INDIANAPOLIS UPI — The Indiana Pacers of the new American Basketball Association trimmed their roster to 15 players Saturday night and made arrangements for seven other players to try out for the Louisville entry in the new loop.  
The 15 were invited to attend a fall training camp by general manager Mike Storey and coach Larry Staverman. The 15,

chosen from 43 who reported to camp earlier in the week, were announced Saturday night following a practice game at the Atterbury Job Corps Center near Edinburg.

The players picked by Storey and Staverman were centers George Peoples, Bob Netolicky and Walt Sahn; guards Jimmy Dawson, Richard Russell, Bob Purkisher, Larry Humes, Hubie Marshall and Garry Jones; and forwards Matthew Aitch, Ron Kozicki, Roger Brown, Bobby Edmonds and Craig Dill. Dill also can play center.

The seven cut Saturday who will get a chance to try out at Louisville are Stan Washington, James Ligon, Phil Honnold, Richard Ellis, Ike Thornton, Willie Merriweather and Albert Jackson.

# Indians lose to San Diego, 1-0

INDIANAPOLIS UPI — The Indianapolis Indians, beaten three straight by San Diego, headed on the road today for a series opening Tuesday night at Portland. They also will visit Tacoma before returning home July 4.

San Diego edged the Tribe 1-0 on the pitching and batting of Gary Wagner Sunday to sweep the series with the Indians. Wagner held the Indians to six scattered hits and his home run was the margin of victory.

It was the second sparkling pitching performance for the Padres in as many days. Saturday, rookie Larry Colton held the Indians to three hits while the Padres clubbed 18 off Indianapolis pitching for a 10-1 victory.

# Wins skeet tourney

FORTVILLE, Ind. UPI — Howard Confer, Detroit, blasted 396 of 400 targets Sunday to capture the overall championship of the sixth annual Mid-America Open Skeet tourney.  
On the distaff side, the overall championship went to Mrs. Lee Mabie, Evanston, Ill., with 385 out of 400 targets.

# Vandervoort wins Pike's Peak race

COLORADO SPRINGS, Colo. UPI — Hometown driver Wes Vandervoort put an end to the Unser family's domination of the annual Pike's Peak hill climb Sunday in a race marred by critical injuries to Al (Cotton) Farmer.

Farmer, Crowley, Tex., was badly hurt when his car flipped over. He was rushed to a hospital unconscious with multiple injuries.  
Vandervoort won the grind to the 14,100-foot summit in 12:46.3 minutes while favored Bobby Unser, who has monopolized this race for years, wound up fifth when his right front tire hit a rock, causing a blowout.

# USAC to decide fate of turbine

INDIANAPOLIS UPI — The United States Auto Club was scheduled to decide today the fate of turbine-powered cars in racing—particularly in the 500-mile Speedway chase.  
A special meeting of USAC's board of directors was slated to reach a decision on the controversial issue.

There was speculation that the board will order a reduced engine formula for the turbocar to make it competitive, rather than decide on an outright ban, which is favored by some members of the racing fraternity.  
The racing group was expected to vote on the issue after receiving recommendations from a number of engineers.  
The first turbine-powered car ever in the "500" almost ran off with this year's race. It was driven by Parnelli Jones, a former winner, and was headed for an easy victory when mechanical failure sidelined it just four laps from the finish.

Dear Heloise:  
Did you know that corn plaster can be used on the bottom of chairs with small legs to keep them from marring those pretty hardwood floors?  
Just stick them on. There's no mess, no glue.

# Why Big Walnut Reservoir?

Interim Report No. 3 Wabash Valley Basin Comprehensive Study by the U. S. Corps of Engineers states; the recommended project would be in the public interest and would provide substantial flood control, water supply, water quality improvement, recreation, and fish and wildlife benefits. An added feature of the Big Walnut proposed project would include land

and water supply for a proposed National Fish Hatchery beside the dam. Individuals and groups outside Putnam County (small minority) have expressed concern that the inundation of certain areas in the proposed Big Walnut Reservoir project would adversely effect the preservation of ecological values in the upper end of the reservoir

## AMA to relax stand on abortion

ATLANTIC CITY, N. J. UPI — The American Medical Association (AMA) Wednesday liberalized its stand on therapeutic abortion.

By an overwhelming vote, the AMA's ruling House of Delegates adopted a policy statement that it was medically proper for a physician to induce abortion:

—If it is to safeguard either the health or life of the woman.

—If there is sound reason for believing the infant will be born physically deformed or mentally deficient.

—If a pregnancy resulting from rape or incest threatens the mental or physical health of the woman.

The policy statement also said therapeutic abortions falling into these categories could only be performed under these circumstances:

—The medical evidence justifying the abortion must be documented.

—The abortion decision must be concurred in by two other physicians in writing.

—It must be performed in an accredited hospital.

The policy statement originated with the AMA's board of trustees which had adopted a years-long study of all aspects of the abortion question of its committee on human reproduction.

The new AMA policy replaces one adopted in 1971 which held it was "unlawful and unprofessional for any physician to induce abortion or premature labor, without the concurrent opinion of at least one other respectable consulting physician, and then always with a view of the safety of the child—if that be possible. The new policy makes no mention of the safety of the child.

## AMA to relax stand on abortion

At his first trial in Marion Criminal Court at Indianapolis in 1961, Layton was convicted on two counts of first-degree murder and received two consecutive life sentences.

Last Dec. 28, the Indiana Supreme Court reversed the conviction and granted Layton a new trial. The high court ruled that his previous record had been admitted as evidence improperly.

## West Clinton Township

By Mrs. R. Clodfelter  
Master Sgt. and Mrs. Robert Lewis and children of Selma, Alabama, are house guests of Col. and Mrs. Kelsie Warne and son, Steve, this week. Mrs. Lewis is a niece of Col. Warne.

We are glad to hear Lovis Williams Sr., is home and feeling much improved. He has been in the hospital in Lafayette for four days under care of a heart specialist.

Paul Wagoner is in Putnam County Hospital for observation.

Mrs. Estella Hall of Indianapolis, Mr. and Mrs. Bill Spencer and Mr. and Mrs. James McAfee and two children of Russellville were Sunday dinner guests of Mr. and Mrs. George

Frank of Clinton Falls on Father's Day. Mrs. Hall and Mrs. Spencer are daughters of Mr. and Mrs. Frank.

Please call Mrs. Olma Clodfelter for reservations for the dinner at the Fairway Restaurant, for members of Clinton-Madison Friendly Club, on July 13, not later than July 10. Anyone, who has at some time belonged to this club, is invited to come, if they so desire.

Mrs. Emma Wichmann and granddaughter Theresa and grandson Mick White, are visiting in Madison, Wisconsin. Fay Thomas is home from Methodist Hospital and feeling as well as can be expected. We hope how soon he will be out again, and visiting among us.

Mrs. Daisy Alexander of Morton was a guest of Mrs. Olma Clodfelter over the weekend. Mr. and Mrs. Lovis Williams Sr., was Sunday dinner guests of their daughter and son-in-law, Mr. and Mrs. Lovis Bertram of Greencastle.

Those who called on Mr. and Mrs. Harold Barker on Wednesday were Mrs. Bob Jessup and daughter, Mrs. John Hobson, both are sisters of Mr. Barker and Mrs. Don Jeffries and children. Mrs. Jeffries is a daughter of Mr. and Mrs. Barker.

Mrs. Daisy Alexander of Morton called on Mrs. Grace Clodfelter of Greencastle on Monday afternoon.

**'BIG G'**  
LONDON (UPI) — The British Broadcasting Corp. (BBC) says a play, "To Lucifer, A son," will be screened despite a reference to God in the script as "Big G."

In the play, Satan wants to explain that hell is really everyone's idea of heaven and sends his son to earth with the message. Hell is shown as a mixture of bingo parlors and discotheques with mini-skirted girls. Heaven is portrayed as a place where Beethoven is played.

"It is not sacrilegious," said playwright Johnny Speight. "It's a little controversial."

## Try and Stop Me

By BENNETT CERF

GOODMAN ACE, in his new book, "The Fine Art of Hypochondria," reveals that he, like every other New Yorker, has been having his trouble with local taxicab drivers. He boarded one cab, for instance, and announced, "I'm bound for Jackson Heights." The driver not too gently shoved him out of the cab and told him, "Not with me, buddy. I'm off duty." Goodman protested, "Your electric sign didn't say so when I hailed you." "It does now," insisted the driver. "It's like TV. It takes time to warm up."

Johnny Mercer, who has written such whopping song hits as "Old Black Magic," "Laura," "Accentuate the Positive," and "Moon River," tells about the beautiful Chinese songstress who was implored to sing the latter song over and over again by American GIs when she did her act for them at remote army posts. She never found out why they loved that particular number best. They just liked hearing her pronounce it "Moon Liver."

### QUICKIES:

An Iowa TV station had a movie scheduled for Christmas afternoon. The station's wily publicist listed the star as "Yule Brynner."

An ardent angler went to a bookstore in quest of a copy of "American Trout Fishing"—but the clerk got away.

## Horticultural Tip

### SLUGS

They are soft-bodied, slimy creatures, black, gray or brown and often spotted or mottled with black. Slugs may reach 4 inches in length. They leave a telltale, glistening, silver-colored, slimy trail wherever they travel.

Slugs feed on molds, decaying organic matter and also the foliage of plants. They must have a large amount of moisture to survive and prefer darkness. They feed mainly during the night and hide under objects during the day. Slugs are injurious to many garden flowers and vegetables, especially in damp, shady areas. Their feed-

ing is very irregular and foliage may be shredded.

**CONTROL:** Eliminate weeds growing around the garden area in which slugs may hide. Use Metaldehyde (Bug-geta, Sluggit), DDT, Zectran (Slug, Snail N' Bug Killer) or lead arsenate (do not spray edible part of plants with lead arsenate).

**CAUTION: FOLLOW LABEL HARVEST RESTRICTIONS** when applying pesticides.

## 142 year old paper reaching the end

BOSTON UPI — The 142-year-old Boston Traveler is coming to the end of the road.

The publication, an afternoon daily newspaper for the past 122 years, will be merged with its sister newspaper, the Morning Boston Herald, to form the

Morning Herald-Traveler starting July 10. The Traveler's last edition will be published July 8.

In a statement Sunday, Publisher George E. Akerson attributed the combination of the two publications of the Herald-Traveler Corp. to rising production costs and other factors.

The death of the Traveler leaves Boston with two afternoon newspapers, the Evening Globe and the Record-American. The Globe is also a morning newspaper put out by a separate staff. The Christian Science Monitor, a national newspaper, also is published here each afternoon.

The number of Sunday newspapers will remain at three, the new Herald-Traveler, the Globe and the Advertiser, a sister publication of the Record American.

Boston, the country's 13th largest city with a 1960 census population of 697,197, will be tied with Chicago for the most metropolitan daily newspapers—four. Only Boston, New York and Washington have three separate Metropolitan newspaper publishing companies.

Akerson said "many considerations" were involved in the decision to consolidate. Among these, he said, were "great and growing" production costs and the "growing capability" of radio and television "to report swiftly the spot news developments that were once the mainstay of afternoon metropolitan papers."

In addition, he said, "The exodus from the cities to the suburbs has resulted in a proliferation and expansion of local afternoon newspapers."

The Traveler, which won Pulitzer Prizes in photography in 1948 and 1957, was established as a weekly 142 years ago.

GHS CLASS REUNION—The Greencastle High School graduates of 1957 met at the DePauw Memorial Union Building June 17 for a reunion. The class, along with their high school sponsors, are shown above.

## 1957 Grads of Greencastle High enjoy class reunion

The Greencastle High School Class of 1957 held their 10th anniversary reunion on June 17 at the DePauw Student Union Building. The buffet style dinner was preceded by a social hour, during which many friendships were renewed.

John Carson, Master of Ceremonies and Class Vice President, welcomed everyone to the first class reunion. He intro-

duced the class officers: President Marion Vote, Secretary Dixie Goldsberry Wilson, and Treasurer Joyce Ewing Leer. Honored guests introduced were class sponsors: Miss Thelma Stout, Miss Elizabeth McClure, John See, and Mrs. Hazel Hanna. The invocation was given by John Miller.

A short business session was held following the dinner. Letters were read from class members unable to be present. It was decided that we would have another reunion in five years. There will be newsletters sent each year at Christmas to help everyone keep in closer touch. It was agreed that the class booklet should be sent to all members not in attendance. John thanked his Co-Chairman,

Linda Gorham Kerr, and all the committee members for their assistance in planning the reunion. Other members included Anita Hurst Arnold, Sheila Hanna Asbell, Betsy Bee Bridges, Bob Bridges, Thelma Tucker Bumgardner, Carolyn Flint Carson, Jeanette Cox, Larry Cox, Joan Todd Gray, Jim Harris, Joyce Ewing Leer, Marge Mahoney, Albert McClure, JoAnn Cunningham McClure, John Miller, Kenny Rader, Jean Porter Scobee, and Maxine Herriott Williams.

"Do You Remember?" was the theme for the evening's program. A roll call by former nicknames brought many laughs. This was followed by a quiz concerning many incidents that occurred in high

school. Those who answered the questions correctly were awarded gift certificates from businesses no longer in existence.

Highlighting the evening were special prizes donated by Donelson's Pharmacy, Shonkwiler Jewelers, Todd's Hardware, and Carson's Amway Products. Janice Vermillion Whitaker won for being the first person to send in her reservation. There was a tie for the prize given to someone wearing their class ring between Dan Macey, Kenny Inman, Nancy Richards Clifford, and Janet Hess Essex.

Dan Macey won after the tie breaker. Marina Pell Lindblom, of Santa Ana, California, was given the prize for the person traveling the farthest to the reunion. Recognition was also

given to Velda Stwalley Wildey, Ballston Spa, New York; Janet Donelson, Atlanta, Georgia; and Helen Gooch Miller, Oklahoma City, Oklahoma. The contest to guess the total number of children our class had produced was won by Velda Stwalley Wildey. The final prize was given to Sharon Harney Gray for being the most recently married member of our class, who was present.

There were 63 class member and 44 guests present to enjoy the evening. Everyone agreed that the reunion was a big success, and all hoped that more of our classmates would be present for the next one.

Afterward, Jim and Jane Ann Harris hosted an open house that was a climax to the evening.

## She communicates with a smile

Chances are you've never heard Betty Murphy on the radio—unless you're a short wave listener around New Castle. She's the dispatcher in our New Castle district office—one of only two women handling this important job in the entire company.

Should you ever phone in for service on your gas appliances, it's Betty, with the smile in her voice, that you'll talk to. Betty schedules the service calls each day. Between jobs, the service crews radio Betty from their trucks. If an emergency arises, she dispatches men to handle it at once.

Crews installing new gas lines and working on main repairs and maintenance also keep in radio-contact with the office via Betty.

Completing 25 years this very month, versatile Betty has been a clerk, switchboard operator and radio dispatcher. Sometimes all three at once.

Like most IG&W employees, Betty Murphy is never seen on the job by our customers. But her dedication to her work, her cooperation with her associates, and her loyalty are reflected in the company's high standard of service.

You'll find that most IG&W employees have the same attitude as Betty Murphy.
